The gates made by ADRILY Gates are handcrafted in the United States. The Pressure Treated Southern Yellow Pine is hand picked locally to obtain the best lumber. The gates can be special ordered in Northern White Cedar. Please call for pricing.

Prices are shown with and without the Heavy Duty Galvanized Gate hardware - Wrap Around Hinges, Bolts, and Post Hooks. Additional charges for a Spring Latch, a Throw Over Gate Loop and a Drop Bolt will be added at the time of purchase as detailed on separate Pricing Sheet. This will be determined on your gate setup (double or single). Black Power Powder Coated Paint over Galvanized is available on a selection of Hardware and Accessories for an additional charge. Please check pricing at the time of your order.

Complete instructions and template for mounting the gates are included with each order.

The Gate Hardware and Accessories can be ordered separately from our gates. We do not offer quantity pricing on the hardware. Pricing available on request.

Prices are subject to change without notice as a result of changes in the raw material prices. We do our best to keep these changes to a minimum.

Shipping charges are calculated from North Sandwich, NH, to the point of destination via Truck Freight. We are happy to provide you with a Freight quote. If you live nearby, the gates can be collected from our shop or arrangements can be made for local deliveries.

A 50% (fifty percent) deposit is required with your order. The remaining balance plus any shipping charges will be due prior to shipment. You will be notified when the balance is due.
